

NOTICE TO MARINERS

Date of notice:	27/07/2026
Issued by:	Scottish Hydro Electric Transmission Plc. Trading as Scottish and Southern Electricity Networks Transmission (SSENT)
Activity Type:	Hazard
Area of Operations:	Near-Shore Area off Dounreay
<i>Coordinates for the activities are attached below.</i>	

Sea Bed Hazard

Introduction

Mariners are advised of the completion of marine activities in relation to the Orkney HVAC, Dounreay HDD works, located in the near-shore area off Dounreay (Figure1).

The completion of the works includes the installation of two subsea HDD ducts and supporting rock bags. These assets will facilitate the cable installation works in early 2027.

As such, until the final cable is installed, these assets pose a hazard to marine users. Mariners are therefore advised to maintain a stand-off of 500m from this asset until further notice.

The coordinates of the hazards are detailed in (Table 1).

Contact details for any queries can be found in (Table 2).

Area Of Hazard

Figure 1- Location of Subsea Hazard

Hazard Coordinates

The hazards are located at the following coordinates:

Table 1. Hazard Coordinates

Vertices Point	DDM_Lat	DDM_Long	DD LAT	DD LONG
1	58° 34.92' N	003° 45.941' W	58.582007	-3.765686
2	58° 34.921' N	003° 45.931' W	58.582011	-3.765514

Legal Notice:

Please be advised that this Notice to Mariners should be treated as official notice of the nature, duration and location of the works which are scheduled to take place. During the period of this notice, we request that you plan your activities around our short-term, temporary activities. Any failure to remove equipment or entry into the identified location in a manner that would constitute a hazard would be a breach of your duties of safe seamanship as described in the Convention on International Regulations for Preventing Collisions at Sea 1972 and/or the Merchant Shipping Act 1995 and may result in removal of the relevant equipment.
